

Section 1: Identification

Product identifier:

Identification as on the label/Trade name: KRUSH'R

Other means of identification: ID-KRSHR

Relevant identification uses of the substance and uses advised against:

Recommended use: Industrial hand cleaner.

Restrictions on use: Keep away from children.

Manufacturer/Supplier identifier:

BBSpro Services Inc
204-11 Burbidge St
Coquitlam
B.C. V3K 7B2
Canada +1-604-420-4305

Emergency telephone numbers:

Emergency Contact:

BBSpro Services Inc: +1-877-420-4305 (24 hours)

CANUTEC (Transportation Emergency Only): +1-613-996-6666 (24 hours)

Section 2: Hazard Identification

Classification of the mixture:

The mixture is classified according to: Globally Harmonized System of Classification and Labelling of Chemicals (GHS).

Hazard classes/Hazard categories:

Not classified as hazardous.

Label elements:

Hazard pictogram: No pictogram.

Signal word: No signal word.

Hazard statements: Not applicable.

Precautionary statements: Not applicable.

Other hazards which do not result in classification: None.

Section 3: Composition/Information on Ingredients

Substance/Mixture: Mixture.

Ingredients: There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Section 4: First-Aid Measures

Description of first aid measures:

Inhalation: Move to fresh air.

Skin contact: Wash off with plenty of water.

Eye contact: Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

Ingestion: Drink plenty of water. Do NOT induce vomiting. Obtain medical attention.

Most important symptoms and effects, both acute and delayed:

No information available.

Indication of any immediate medical attention and special treatment needed:

Treat symptomatically.

Section 5: Fire-Fighting Measures

Extinguisher media:

Suitable extinguisher media: Water spray, alcohol-resistant foam, carbon dioxide (CO₂), dry powder.

Unsuitable extinguishing media: High volume water.

Special hazards arising from the hazardous product: None known.

Special protective equipment and precautions for fire-fighters: No particular measures required.

Section 6: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures:

Ensure adequate ventilation. Keep away from sources of ignition - No smoking.

Environmental precautions: Do not flush into surface water or sanitary sewer system.

Methods and materials for containment and cleaning up:

Soak up with inert absorbent material (e.g., sand, silica gel, acid binder, universal binder, sawdust).

Section 7: Handling and Storage

Precautions for safe handling:

Ensure adequate ventilation. Avoid contact with skin and eyes. Keep away from sources of ignition - No smoking.

Conditions for safe storage, including incompatible materials:

Keep container tightly closed. Store in a dry, well-ventilated place.

Section 8: Exposure Controls / Personal Protection

Control parameters:

Occupational exposure limits: Contains no substances with occupational exposure limits.

Exposure controls:

Appropriate engineering controls: Good general ventilation should be used.

Individual protection measures, such as personal protective equipment:

Respiratory protection: No special protective equipment required.

Hand protection: No special protective equipment required.

Eye protection: No special protective equipment required.

Skin protection: No special protective equipment required.

Section 9: Physical and Chemical Properties

Information on basic physical and chemical properties:

Appearance (form): Liquid.

Color: Green.

Odor: Soapy.

Odor threshold: No data available.

pH: 6.0 – 8.0.

Melting point/Freezing point: No data available.

Initial boiling point/boiling range: ~100 °C

Flash point (°C): No data available.

Evaporation rate: No data available.

Flammability (solid, gas): No data available.

Lower flammable/explosive limit: No data available.

Upper flammable/explosive limit: No data available.

Vapor pressure: No data available.

Vapor density: No data available.

Relative density: ~ 1.1

Solubility: Soluble in all proportions in water. No data available (for other liquids).

n-Octanol/Water partition coefficient: No data available.

Auto-ignition temperature: No data available.

Decomposition temperature: No data available.

Viscosity: No data available.

Section 10: Stability and Reactivity

Reactivity: No specific data is available for this product.

Chemical stability: Stable under recommended storage conditions.

Possibility of hazardous reactions: None expected under normal conditions of storage and use.

Conditions to avoid: None known.

Incompatible materials: None known.

Hazardous decomposition products: Under normal conditions of storage and use, hazardous decomposition should not occur.

Section 11: Toxicological Information

Information on toxicological effects:

Acute toxicity: No data available.

Skin corrosion/irritation: No data available.

Serious eye damage/irritation: No data available.

Respiratory or skin sensitization: No data available.

Germ cell mutagenicity: No data available.

Carcinogenicity: No data available.

Reproductive toxicity: No data available.

STOT-single exposure: No data available.

STOT-repeated exposure: No data available.

Aspiration hazard: No data available.

Section 12: Ecological Information

Toxicity: No data available.

Persistence and degradability: No data available.

Bioaccumulative potential: No data available.

Mobility in soil: No data available.

Other adverse effects: No data available.

Section 13: Disposal Considerations

Method of disposal: Dispose of contents/container in accordance with local regulations.

Contaminated packaging: Dispose of as unused product.

Section 14: Transport Information

UN number: Not regulated under Canadian TDG regulations.

UN proper shipping name: Not regulated under Canadian TDG regulations.

Hazard class: Not regulated under Canadian TDG regulations.

Packing group: Not regulated under Canadian TDG regulations.

Transport in bulk according to Annex II of Marpol and the IBC Code: Not applicable.

Special precautions for user: Refer to Sections 6 – 8.

Section 15: Regulatory Information

Safety, health and environmental regulations/legislation for the mixture:

WHMIS Classification: This product has been classified according to the hazard criteria of the CPR and the MSDS contains all of the information required by the CPR.

Canadian DSL/NDSL Inventory Status:

DSL: Yes

NDSL: No

Other Canadian Regulations: Not applicable.

Chemical Safety Assessment carried out: No.

Section 16: Other Information

Date of the latest revision of the SDS: 04-May-2022

Indication of changes: GHS aligned.

Relevant classification and H statements (number and full text): None.

NFPA rating:

Health: 0 - Materials that, under emergency conditions would offer no hazard beyond that of ordinary combustible materials.

Fire: 0 - Materials that will not burn. This includes any material that will not burn in air when exposed to a temperature of 1500 degrees F (815.5 degrees C) for a period of 5 min.

Reactivity: 0 - Materials that in themselves are normally stable, even under fire conditions.

Further information: This information is based upon the present state of our knowledge. This SDS has been compiled and is solely intended for this product.

Notice to readers: Employers should use this information only as a supplement to other information gathered by them, and should make independent judgment of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
